MY SCHOOL

A few facts

500 students

40 teachers (2 religion, 12 Greek language, 6 math, 8 science, 4 foreign language, 2 physical education, 2 programming, 3 social sciences).

1930

2017

The character of the school

- It is not a typical Greek school. Most important difference are:
 - 1) Students are coming to our school from different neighborhoods of Athens.
 - 2) The school is offering a number of extracurricular activities.
 - 3) There is a European orientation.
 - 4) There is a close connection with Greek Universities
 - 5) It is a multicultural school
